"Nice place to take the kids on a sunny day. There is a toddler play area with a little sand pit, some bigger equipment for older children and a sports section as well. This is all outside, there is also a cafe and hall inside. Kids and dog loved it and the wife enjoyed her coffee and ice cream." David Newton, March 2017

We first found out about the Centre when we were invited to a wedding reception there (150 guests) and we have used it 3 times now. We would recommend it for sure." Thank you on behalf of West End Congregation of Jehovah's Witnesses"

"A very good event, with a satisfying level of attendance, good use of the space, good organization and a friendly relaxed atmosphere. There was a good mix of people from the local community and people from the wider district. As a new business, it was a good opportunity for us to make contact with new people as well as existing customers, and also a chance for people who had heard of us, but not previously made contact, to find out more for themselves." "We hired the main hall at The Centre for a family party of about 100 guests in August 2013 and had a fantastic time! The help we had from Maureen and Carol in showing us around and giving up their time helping us work out how best to set up the tables and chairs etc was really generous - and invaluable.

On the night of the party the event ran seamlessly - we hired a projector and screen for a running slide show and had a great DJ and buffet food. The Centre was an excellent venue - clean, light and airy - with much appreciated air-con as the night wore on! It was a blank canvas on to which we could add our own decorations but we also made much use of the kitchen, hired table cloths, comfy chairs etc.

The Centre staff were really helpful and friendly and we couldn't have chosen a better space for our special night." Isobel Staniland
